

Lincoln Mark VII Vehicle Identification Number

Version 20061216jd

Vehicle Identification Number – The Vehicle Identification Number (also known as the VIN) is a definitive identifier of the vehicle based on its production information. The VIN describes manufacturer, type of seat belts, line, series, body type, engine, model year, and consecutive production number. Lincoln Mark VII production numbers range from 600001 through 999999. Optional information such as body color, body type, molding, interior trim, radio type, sunroof, axle, transmission, district, and special order numbers, are found in the VC.
